NOTE

Contributions on general and midland natural history will be gladly received. Papers on botany and allied subjects, zoology, geology and physical geography, should be addressed to the editor.

Matters relating to advertisements are to be taken up with the secretary of the University.

One hundred reprints of articles averaging eight pages or more will be furnished *free of charge* to contributors. More than one hundred separates can be obtained at cost price of the extras. When articles consist of less than eight pages, a certain number of copies of THE AMERICAN MIDLAND NATURALIST in which the paper appeared will be supplied free, or the separate articles may, by arrangement with the editor, be kept until future papers average eight pages, provided the contributions are sent in for the next consecutive issue for publication. Contributors of articles will receive a free subscription for the year in which their paper appears. For further or other information address
